6	Chief Guest	Circle Inspector of police
7	Program Convener	Dr. K. V. S. Koteswara Rao
8	Other Lecturers	Sri. Ch. Hari Babu, Vice-Principal Sri. Rama K Kishore Behara, Academic Dean Sri. V. Bala Yesu, Lecturer in Chemistry Sri. B. Nageswara Rao, Lect. In Physics

## Objective:

The Department of Zoology, SGK Government Degree College, Vinukonda, organized an awareness program on drug abuse to educate students and staff about the dangers of drug addiction and promote healthy lifestyles.

---

## Agenda:

- Welcome Address:**

Principal Dr. K. Srinivasa Rao officially opened the meeting, welcoming all attendees and outlining the purpose of the awareness program.
- Chief Guest Address:**

Circle Inspector of Police Sri Shoban Babu delivered an insightful speech on the implications of drug abuse in the community. His address emphasized the legal consequences and health risks associated with drug addiction, underscoring the importance of prevention and intervention.
- Vice Principal's Remarks:**

Vice Principal Sri Ch. Hari Babu highlighted the role of educational institutions in creating awareness and providing support for students dealing with drug-related issues. He stressed the need for continued vigilance and support within the college community.
- IQAC Coordinator's Input:**

Dr. K. V. S. Koteswara Rao, IQAC Coordinator, spoke about the college's commitment to student welfare and the integration of awareness programs into the academic environment. He proposed future initiatives to further support this cause.
- Interactive Session:**

The program included an interactive session where students and staff engaged in discussions about the signs of drug abuse, strategies for prevention, and resources available for those seeking help.
- Closing Remarks:**

The program concluded with a summary of key points by the Principal, Dr. K. Srinivasa Rao, who encouraged attendees to apply the knowledge gained and support one another in promoting a drug-free environment.

## Outcome:

The awareness program successfully conveyed critical information about drug abuse, fostering a greater understanding among students and staff. The active participation and the involvement of key figures from the local police and college administration reinforced the importance of collaborative efforts in addressing this issue. The feedback from attendees indicated a heightened awareness and a commitment to implementing preventative measures.

## Follow-up Actions:

### 1. Feedback Collection:

Distribute feedback forms to assess the impact of the program and gather suggestions for future initiatives.

### 2. Educational Workshops:

Plan regular workshops and seminars to maintain awareness and provide ongoing support.

### 3. Resource Availability:

Ensure that information on counselling and support services is readily accessible to all students and staff.
