5-01-2024

1. Grievance Received on : 2-01-2024
2. Grievance Received from : Student Representatives

3. Description of the Grievance :

The excessive growth of weeds in the College Campus hinders the growth of useful plants. Parthenium plant growth causes allergy and skin diseases. So the students requested for the removal of weeds.

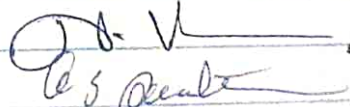

The students represented that the RO plant installed in the college is not maintained properly and a foul smell is developed in the water which may cause infection.

4. Action taken : Grievance Redressal Cell took up the issue and taken to the notice of the principal and the weed plants were removed by the NSS volunteers.

Representatives of ITC Company visited the College and changed the RO membranes. The problem is solved and the drinking water is clean.

5. Signatures :
