Rain Water Harvesting Day - Drawing Competition

Attention all students,

We are organizing a drawing competition on Rain Water Harvesting Day, which will take place on 22nd March 2022. The competition aims to raise awareness about the importance of rainwater harvesting and finding solutions to address the depletion of groundwater resources.

The program will be inaugurated by Dr. K. Srinivasarao, Principal, who will emphasize the need to preserve and increase groundwater levels. Sri. D. Siva Phanindra, NSS Program Officer, will guide the participants in creatively depicting various methods of rainwater harvesting.

The drawing competition will be followed by an evaluation process by a panel of judges, including Dr. K. Srinivasarao, Principal, Dr. KVS Koteswararao, IQAC Coordinator, and Sri. Rama K. Kishore Behara, Academic Coordinator. Certificates of participation will be awarded to all participants, with certificates of excellence presented to the winners and runners-up.

Join us in this competition to ignite the idea of rainwater harvesting and foster a sense of responsibility towards our environment.

Thank you.
