COMMUNITY  
SERVICE PROJECT

Community Service Project is an experiential learning strategy that integrates meaningful community service with instruction, participation, learning and community development. Community Service Project involves students in community development and service activities and applies the experience to personal and academic development. Community Service Project is meant to link the community with the college for mutual benefit. The community will be benefited with the focused contribution of the college students for the village/ local development. The college finds an opportunity to develop social sensibility and responsibility among students and also emerge as a socially responsible institution. For this above mentioned community service project, I have selected my native place, vinukonda, a small hamlet, is attached to vinukonda, it sits snugly in the midts of forest, surrounded by hills which are stretched to 2 kms of distance it is in the remote pockets of the newly formed Palnadu district. It is situated 40 kms away from mandal headquarters, Vinukonda. Adjacent to our village, vinukonda , one river namely vinukonda flows to it's brim in rainy season. Towards North of the village a big mango archery is developed and it's ready for fruition. Nearer to the village one famous Hindu temple i.e. SIVALAYA temple and MOTH MASZID is present, from that temple the village got name and fame. According to our elders version, the idol of the temple is manifested from the ravines of the nearly hills and they brought it, erected a temple and started deifying it

## SGK GOVT DEGREE COLLAGE

### COMMUNITY SERVICE PROJECT WORK

PROJECT TITLE :- Coputer leterency  
PRINCIPAL :- Dr.k.Srinivasarao (PhD)

MENTOR :- Ch.Hasi babu (B.A.)  
SGK GOVT DEGREE COLLEGE, VINUKONDA  
PALANADU DIST  
522647

NAME OF THE STUNDENT :- Sk. Baiji

NAME OF THE VILLAGE/ INTERVIEWE :- Thripuranthakam

VILLAGE/AREA/COLONY/LOCALITY :- Bramham colony

TITLE :- Computer literacy

AIM :- To identify the awareness of the people on internet

METHODS :-Community service and community awareness

## ***TITLE LINE***

**FIST WEEK :-** Community survey . This is includes door to door survey with the collection of data in the typing form of questionnaire different ages gaps are selected from for the collect of data .

**SECOND WEEK :-** Under the programme , an attempting to creat the awareness regarding in the collecting the information about internet usage on the different age groups has been made by the team members individually different ages groups are addressed separatly for this purpose

**THIRD WEEK :-** All the day collected has been completed in the form of project report . This includes analysis of data .based on this definitely conclusios or drown recording the uses of internet . This includes the graphical representation of the data .

**FOUTH WEEK :-** It includes the presentation of our project work to the internal viva comedy at the collage level individually .

TOOLS AND TECHNIQUES :- All though no specific clinical tools are used in the project . The formats listed below are used for collection data and drawing conclusion

1. Questionary
2. Tabuler columns
3. Graphical representation

SGK GOVT DEGREE COLLAGE, VINUKONDA

Computer literacy and awareness of the internet in rural segments of TPKM

#### QUESTIONARY

NAME OF THE STUNDENT :- SK. Baji

NAME OF THE FACULTY :- Ch.hari babu (Sir)

| D.Chadh bee |   | 28 | 7095207617  | Brahman colony | Yes  |
| D.galib     |   | 14 |             |                | Good |
| D.VENKATES  | M | 45 |             | Bramham colony | Yes  |
| D .ama devi | F | 35 |             |                | Good |

4. *You are the able to avaluate the information they find on the internet*  
• Searching for information if is the anyone you able to and find or not .

- (a) poor (b) good (c) avarage (d) exlent
- Take the information in the four levels .

5. *You are able to use digital media to create any own texts*

- Able to create the own - text  
like fecebook , Instragram , Twitter etc ;
- Not able to create it's comes under poor .
- Gathering some informing about creating own texts comes under good
- Little able of creating and gaining media come under avarage
- Able to creating the non texts in the digital media comes under the exllent.

6. *You are able to mangle the information that you find lorganise, save avoid store it for reuse .*

Searching the information in the chrome what you find if you able save that the information, and you able to stray after rese these are divided into 4 levels

- (a) poor (b) good (c) avarage (d) exllent

7. *You can decided if the information that you find on the internet is honest revelent and usefull*

- Finding the information is honest in the internet
- Searching the information on the internet gives the revelent information is not .
- And the it is the useful or not .  
(a) poor (b) good (c ) avarage (d) exllent

8 . *You able to use the information and you have learned from it to create network by blending adapting , applying, signifying ,inverting*

- What you learned from it to create new work but blending .

It is the use full or not

- What you learned from the to create network by adopting .

it is use full or not .

- What you learned from it to create new work by applying designing and also inverting it is use full or not in the creating of the new work

(a) poor (b) good (c) average (d) excellent

9 . *You can communicate with others by exchanging information by sharing , knowledge and creating information products to suit the audience the context media .*

- You able to the communicate the others .
- You can able to sharing knowledge and creating information or not .
- It can be divided into 4 levels .

(a) poor (b) average (c) good (d) excellent

10 . *You can communicate with the others by sharing knowledge digitally*

- *Sharing the knowledge in way of digitally .*

Taking the information in 4 levels

(a) poor (b) good (c) average (d) excellent

- 11 . *You can create information products the suit the audience , the context and midium .*
- Gaining the information about products it is suit the audience the text and medium .

12 . *You can the use I.C.T appropriately and responsibility*

- The using information communicate technology appropriately responsibility .  
(a) poor (b) good. (c) average (d) exllent

13 . *You able to find the particular information that you want on the internet*

- searching the information what you want on the internet .
- You are able to find or not  
(a) poor (b) good (c) average (d) exllent

*Observation to made during the community survey :-*

1. People are able to search the information the internet
2. But the some one unable to seaching the information comes unde the (poor )
3. Some of the them are the searching the infor action on the internet but can't able to sharing the information to tha others comes under ( Good )
4. Some of them are seaching the information on but it is relevant or not , use full or not , but the sharing the infor to others comes under the (average )
5. Some of them are searching them information and sharing to others , finding the relavate it comes under (exllent )

#### ***Suggestions to be given :-***

1. Sharing the information one to another .
2. To suggest how to find the information to unable people .
3. Communication the people how to find the relevant information .
4. Usage of the internet .
5. To suggest how to created the own texts and digital media .

#### ***Discussion and conclusion :-***

After this community survey the following conclusions are drawn :-

1. As a result of this survey 80% of people using internet .
2. People find it's very useful to us .
3. People cooperate with us and give the information curiously
4. By this survey unknown people . Know the information and aware about internet
5. But some one because unable to communicate .

# ACTIVITY LOG FOR THE FIRST WEEK

| Day & Date | Brief description of the daily activity                          | Learning Outcome                       | Person In-Charge Signature |
|------------|------------------------------------------------------------------|----------------------------------------|----------------------------|
| Day - 1    | The first day of the Csp this includes Discuss with our Group.   | Selecting the Locality.                | dh                         |
| Day - 2    | We start the door to-door gathering information.                 | Awariness to the people.               | dh                         |
| Day - 3    | We explain the questionnaire to the people.                      | Giving answers to the Questionnaire.   | dh                         |
| Day - 4    | the fourth day of the Csp 5 houses gives the information.        | poor knowledge about internet.         | dh                         |
| Day - 5    | the fifth day of the Csp. again 6 houses. gathering information. | 50 percentage gives the Good response. | dh                         |
| Day - 6    | the last day of Csp again 3 houses gathering information.        | 80% per gives the negative response.   | dh                         |

# ACTIVITY LOG FOR THE SECOND WEEK

| Brief description of the daily activity                               | Learning Outcome                                              | Person In-Charge Signature |
|-----------------------------------------------------------------------|---------------------------------------------------------------|----------------------------|
| we discuss with our group Select another locality.                    | Brahmam Colony.                                               | dh                         |
| making the questions computer literacy and awareness of the internet. | 13 questions we have to prepare.                              | dh                         |
| searching the information on about mobile phones of internet.         | poor usage of information internet because of rural segments. | dh                         |
| Awareness about the internet with explain questioner.                 | peoples give the Good Responses.                              | dh                         |
| Communicate with others by Sharing knowledge digitally.               | Average Response by the people.                               | dh                         |
| Learned from it to Create network.                                    | Good response by the people.                                  | dh                         |

# ACTIVITY LOG FOR THE THIRD WEEK

| Brief description of the daily activity                             | Learning Outcome                                   | Person In-Charge Signature                                                            |
|---------------------------------------------------------------------|----------------------------------------------------|---------------------------------------------------------------------------------------|
| It includes the presentation of our project work                    | Preparing like a report.                           |    |
| Able to evaluate the information that you find on the internet.     | 70% per Average response<br>30% per poor response. |   |
| Able to use digital media to create any contents.                   | 50% Average Response<br>50% Excellent.             |  |
| Able to manage information that organise, save and store and reuse. | Save, store and reuse the information.             |  |
| Information that find the internet is honest, relevant and useful.  | Information find internet is useful.               |  |
| Information communication technology and responsibly                | Average response by the people.                    |  |

# ACTIVITY LOG FOR THE FORTH WEEK

| Brief description of the daily activity                                  | Learning Outcome                           | Person In-Charge Signature |
|--------------------------------------------------------------------------|--------------------------------------------|----------------------------|
| particular information that want to the internet.                        | For responses by the people.               | dh                         |
| we click the picks at every home.                                        | Everyone responded by the people.          | dh                         |
| Gathering about the Android mobiles phones using internet.               | Some of them use of Android mobile phones. | dh                         |
| Gathering about the key pad and mobile phones with out network internet. | 50% of them using the key-pad mobile.      | dh                         |
| Creating the report by this information.                                 | Discuss with group and make a report.      | dh                         |
| Finished the door today gathering information Successfully.              | Excellent Response by the people.          | dh                         |

# QUESTIONNAIRE

Computer literacy and awareness of the internet in rural segments of tripuranthakam

1. Gender

(a) Female      ☒ (b) male

2. Age :- 30

3. Your able to search on the internet

1. Poor      2. Good      3. Average      4. Excellent

4. Your are able to evulate the information that you find on the internet

1. Poor      2. Good      3. Average      4. Excellent

5. Your able to use digital media to create any own texts

1. Poor      2. Good      3. Average      4. Excellent

6.You are able to manage information that you find ( organise,save and store it for reuse)

1.Poor                      2.✓Good                      3.Average                      4.Excellent

7.You can decide if the information that you find on the internet is honest, relevant and useful

1.Poor                      2.Good                      3.✓Average                      4.Excellent

8.You able to use the information and what you have learned from it to create network by blending, adapting, applying, designing,inventing

1.Poor                      2.Good                      3.Average                      4.Excellent

9.You can communicate with others by exchanging by sharing knowledge and creating information products to suit the audience,the context and medium

1.Poor                      2.Good                      3.Average                      4.Excellent

10.You can communicate with others by sharing knowledge digitally

1.Poor                      2.Good                      3.Average                      4.Excellent

11. You can create information products to suit the audience the context and medium.

1.Poor                      2.Good                      ✓ 3.Average                      4.Excellent

12.You can use information, communication, technology appropriately and responsibly.

1.Poor                      2.Good                      ✓ 3.Average                      4.Excellent

13.You able to find to particular information that you want on the internet

1.Poor                      2.Good                      ✓ 3.Average                      4.Excellent

Good.
