4	No. of Students attended	56
5	Chief Guest	Sri. Ch. Hari Babu, Vice Principal
6	Convener	G. Anjaiah, Lect. in Economics

Brief Description:

Awareness program on World population day was conducted on 11. 07. 2025. Vice Principal Ch. Hari Babu chaired the occasion and asserted the population control is need of the hour world over as the population has crossed 8 billion. India has crossed China in this explosion. So its prerogative is to make use of the abilities of youth to mitigate poverty and unemployment. Young people have to analysis 2011 census to face competitive examinations.

Our college Vice Principal Sri Ch. Hari Babu has told that since 1989 World population day has been observed on 11th of July everywhere with declaration of UNDP. This year theme of the day 2025 is "Empowering young people to create the families they want in a fair and hopeful world." uplifting the voices of women and girls to unlock our world's infinite possibilities. Women population is around 49.7%. So getting equal rights on par with men is their right. Which is the theme of this year and they should raise their voice against discrimination.

Our college academic cell coordinator Sri D. Siva Phanendra Lecturer in Computer Science explained Malthus population theory and the implications of population explosion.

Our College Political Science Lecturer Smt. S. Kavitha, Lect. in Political Science exhorted the ramifications of big families and the trails associated with it. Present generation students have learnt the fruits of nuclear families to minimize excess population.

Sri G. Anjaiah, Lect. in Economics in his concluding talk put the onus on students to educate rural people regarding the implications of over population and big families. Economics department has conducted Quiz competition on the topic and the prizes were distributed by our Vice Principal to the winners.

Students and Staff participated actively and made the Programme success.
