World Water Day - Department of Chemistry Event

Attention all students,

We are pleased to announce the celebration of World Water Day, organized by the Department of Chemistry, on 22nd March 2022. This event aims to highlight the significance of water and create awareness about the importance of its conservation.

The program will commence at 10:00 AM, with Dr. K. Srinivasa Rao, Principal of our college, presiding as the chairperson and chief guest. Under the guidance of Dr. K.V.S. Koteswara Rao, the program convener, various activities will be conducted to engage students and enhance their understanding of water conservation.

We encourage all students to actively participate in this event and contribute to the cause of water conservation. The presence and support of Sri. V. Bala Yesu, Lecturer in Chemistry, and Sri. B. Nageswara Rao, Lecturer in Physics, will further enrich the program.

Join us in commemorating World Water Day and let us work together to protect and preserve this precious resource.

Thank you.
