## Acknowledgements

It gives me an immense pleasure and pride to express my gratitude and respect for my teacher and guide **Sri. S. Srinivasa Rao**, SGK Government Degree College, Vinukonda, Palnadu District, for his expert and inspiring guidance throughout the period of my work. I am indebted to him for enlightening me on the finer skills of dealing with social awareness problems. It would have been impossible to achieve this goal without his constant support and encouragement.

It is pleasant duty to express my sincere thanks to **Dr. K. Srinivasa Rao**, Principal, SGK Government Degree College, Vinukonda, Palnadu District who supported me for getting the survey details. I want to thank **Ms. N. Vasanthi**, Head, Department of English for providing facilities in the Department.

I take this opportunity to thank all of my faculty members of SGK Government Degree College for their valuable suggestions, encouragement and help during my project work.

Last but not least, the undying support, love and sacrifice of my mother, father, sisters and Uncle towards me throughout all these years can never be completely expressed with words alone. I am what I am because of them.

## SOCIO ECONOMIC SURVEY

**Introduction:** As part of the project work we conducted Socio-Economic Survey of village Sivapuram in Sivapuram Panchayath in Palnadu district of Andhra Pradesh. we have the opportunity to closely observe the various forms of economic issues that is pulling down its development of the village and understand its impact on the lives of the people of the village.

### OBJECTIVES:

The main objective of the Socio-Economic Survey is:

1. To get insight into Socio-Economic condition of rural life
2. To understand the dynamics of various village level conditions in addressing the developmental work.
3. To understand the status of villagers, their contribution and the role played by them in developing the country.
4. To understand the dynamics of social structure infrastructure resources and various interventions and the villagers and how it effects them.
5. To blend classroom learning with the project work experience.

**Methodology:** The data collected is on demography, social structure, infrastructure facilities, village economy both quantitative and qualitative data were taken the quantitative data was on population, land holding, literacy rate. The qualitative data was quality of the road, housing pattern, sanitation which was obtained from the house hold survey.

1. **Sources of data:** The primary data was collected from direct interaction with the villages during house hold survey (through questionnaire given by the college).
2. Sample design for questionnaire survey systematic random sampling was done. 50 households were selected randomly efforts were made to collect different information regarding socio economic status of the villagers from all castes and economic group.
3. Data analysis, Statistical tools like tables, graphs, bar charts, averages percentages etc...were used to analyze the data collected on various things like castes, assets, land holdings and different infrastructure like roads.
4. Limitations of data collection
  - a. People hesitate to tell about the details regarding income and assets.

- b. Most of the villagers are daily wagers therefore they are available only in the evening
- c. People are not clear about the present value of their asset.

5. Geography and social structure. Sivapuram is a small village located 13 Kilometers away from Mandal headquarter Vinukonda of palnadu district in the state of Andhra Pradesh. It is located 60 kms away from Narsaraopet. It is a hamlet with 600 houses with 2500 people approximately. The major advantage to this village is just adjacent to Guntur, Ananthapuram national highway except that it is backward in all aspects with poor people, little land holdings. Most of the villagers are daily wage earners eking their living by doing masonry work in nearby small town Vinukonda.

#### Location of the village Village

: Sivapuram  
Mandal : Vinukonda  
District : Palnadu  
State : Andhra Pradesh

#### Boundaries

East : Ramireddypalem  
West : Kothapalem  
North : Nadigadda  
South : Peddaram

Demography of the village Total population of the village is 500 of which 260 are men and 240 are women.

#### House holdings and population dynamics of the survey houses

S.No.	Caste Wise Distribution							
	ST	SC	OC	BC				
				A	B	C	D	E
1	01	5	25	12	6	1	0	0

S.No.	Total No. of Houses Surveyed	No. of Ration Cards	DWACRA Groups	No. of Job Holders
1	50	50	40	12

Literacy level of the village is 100% on par with men, women also got educated but not up to graduation

Social structure of the village is homogenous population of Hindu. The social group composition of the village Sivapuram is divided amongst schedule castes, backward castes and other castes hierarchy based class structure is visible. 50% of the 50 household survey revealed other castes and 50% comprised scheduled and backward castes.

6. **Primary and secondary occupation of the village.** From the household survey observed that majority of them are engaged in agriculture as primary occupation and the rest are engaged in non-agriculture labor, farm cultivator services, agriculture laborer, home maker etc... as secondary occupation. Majority of the earning members are men and women are working as farm laborers .

**Land holding pattern:** The land holding pattern of Sivapuram is very complex. Majority of households have 2 to 3 acres each. They use the land in proper manner for cultivation because the land is limited. Those who do not have land depend on daily wages.

**Service holders:** There are service holders in the village of which 2 are involved in private service. There are just 3 graduates in the 50 households surveyed

7. **Government Schemes:** Villagers utilize Govt. Welfare schemes to a larger extent majority of the householders utilize government schemes. I.e. they have ration cards and make use of public distribution system and every month they receive rice, dal and sugar from the government, with subsidized price
8. **Self help groups:** Majority of the women are members in village self help groups. They contribute some amount monthly to the DWACRA [Development of women and children in rural areas] group and the needy women utilize the amount as loan for their sustainability . Government sometimes help them by giving freebies.
